## 1 Introduction

This user guide is designed for those who wish to apply to the Master of Public Policy, International Program (MPP/IP) at the Graduate School of Public Policy (GraSPP), The University of Tokyo using the GraSPP Web Entry System.

The large part of the user guide presents the operational instructions from creating your online application to submitting your application through the GraSPP web entry system. If you need more information regarding the application and the admissions, please refer to [the Application Guidelines](#) and “[Admissions](#)” on our website.

## 2 Admission Categories

As for the 2021 intake, GraSPP will introduce two admission categories. Please read through the information below, and carefully select either one of the two categories to apply for.

- **MPP/IP admissions for fresh graduates and early career professionals**
- **MPP/IP admissions for professionals**

### **MPP/IP admissions for fresh graduates and early career professionals**

MPP/IP admissions for fresh graduates and early career professionals are for fresh graduates or those with work experience of less than two years, who aspire to pursue their careers in public policy related areas after completing the program.

### **MPP/IP admissions for professionals**

MPP/IP admissions for professionals are for those who have been working full time in government offices, NGOs, NPOs, companies at the time of application for at least two years or have at least two years of full time relevant work experience as independent professionals and aspire to pursue their careers in public policy related areas after completing the program. In this category, their work experience is to be evaluated as the main part of their admission process. They can apply for MPP/IP admissions for the category of fresh graduates and early career professionals if they choose to do so.

\*Those who seek scholarship opportunities with ADB-JSP, JJWBGSP and JICA SDGs Global Leader Program should apply for the admissions for professionals category. Please check the eligibilities for ADB-JSP, JJ/WBGSP JICA SDGs Global Leader Program on [the Important Notes and Additional Eligibility Requirements for Scholarships](#) as well as their websites prior to creating your account on the GraSPP web entry system.

### **Special Notes for Enrollment in April 2021**

To be considered as a candidate for April 2021, you must be either a Japanese national or non-Japanese national, who, at the time of application, has a visa valid through the end of March 2021 that allows you to study in Japan. Non-Japanese nationals are required to contact the MPP/IP Desk by December 11 to be pre-checked. The MPP/IP Desk cannot guarantee that the pre-check can be done by the application deadline if the inquiry arrives at the MPP/IP Desk after December 11, which could result in non-eligibility for April enrollment.

### Special Notes for Applicants for CAMPUS Asia Program Option

Please check the additional requirements needed for applying. See [the CAMPUS Asia Program](#) website.

If you wish to pursue the CAMPUS Asia Program option, you must follow the instructions below. In addition to the examination for MPP/IP, the Admissions Committee will check your suitability to the CAMPUS Asia Program. 1. Create an account on the GraSPP web entry system and complete the forms according to *this User Guide*.
2. Make sure to answer the questions on the CAMPUS Asia Program in the **Academic Interest** section. Choose “Yes” in the question “Are you applying for the CAMPUS Asia Program?”

- Your online timed video/written assessment should be submitted through [Kira Talent Platform](#) by December 24, 2020 at 5 PM Japan Standard Time (JST) in order to be considered for the 2021 intake.
- You, as an applicant, can only apply through the GraSPP web entry system to one program during the 2021 application period.

- If the applicant provides any false or misleading statement, or incomplete or inaccurate information in any part of the application, the application may not be screened, the applicant may be denied admission, or the offer of admission may be withdrawn at any time, even after enrollment.

## 4 Application Procedures Overview

### 4.1 Step 1

You are expected to submit an online application as well as some scanned copies of supporting documents through the GraSPP web entry system. In order for your online application to proceed smoothly, we recommend that you check what you need to apply for the programs prior to creating your online application. All the required documents are listed in the Application Guidelines.

Here are the important notes for creating a PDF file for uploading. If a transcript is on both sides or consists of several pages, or if the grading scale is explained on separate documents or the website of your institutions, please combine them into a single file.

You are also required to submit original official documents via international courier service to reach the MPP/IP Desk **by 5pm December 24, 2020 JST**.

#### Letters of Reference

You may also start to contact your referees to ask them to write a letter of reference for your application. Letters of reference and evaluation are considered as part of your application and should be submitted online.

You need two referees. Preferably, one is from an academic institution, who can provide your academic strength and works; another is from a workplace, who knows your professional skills and capabilities. If you have no work experience, you may ask two referees from academic institutions.

Once your referees have agreed upon writing your references, you need to provide the information of each referee to the GraSPP web entry system. A referee will receive a notification email with a personalized link to the referee's online site where the referee can enter their evaluation and a letter of reference.

It is your responsibility to make sure that your referees complete the above process, since your online application cannot be submitted without two letters of reference. Therefore, the referees' deadline is set a day before the online application deadline. However, the real cut-off time for the reference submission on the online application system is set **30 minutes before** the application deadline. Please do not forget to check and monitor your referee's status during your application period.

**Notes for Applicants for JJ/WBGSP:** If you are nominated for JJ/WBGSP, you must complete the World Bank online application, which requires two letters of reference from their professional supervisors, by the deadline set by the World Bank (approximately ten days after the invitation for scholarship application has arrived).

## 4.2 Step 2

After setting up your account on the GraSPP web entry system, you can start your online application. You can come back to your online application to edit, add, and upload files before the submission.

You should be aware that your online application can be completed only after the submission of the two letters of reference from those referees, together with the information you have entered on the GraSPP web entry system. You will be informed of the submission of letters of reference through email from the GraSPP web entry system.

Once your application has been submitted, you cannot change anything on your online application. You will receive a confirmation email once your application is submitted through the GraSPP web entry system.

After having submitted your online application, you will be able to print the Application Form (PDF). Please send it with other necessary documents to the MPP/IP Desk by registered mail to reach no later than December 24, 2020 (JST).

You are unable to login to the GraSPP web entry system after December 18, 2020 (JST).

Make a note of the Application Number printed on the Application Form for your identification or print the Application Form for your reference.

### 4.3 Step 3

Soon after having submitted your online application through the GraSPP web entry system, you will receive an invitation email from Kira Talent with a link to a personalized website for your online timed video/written assessment. It takes from 3 to 10 business days until you receive the invitation email.

You will find the necessary information to take an online assessment on the Kira Talent website. You will need an internet connection, a keyboard, a camera and a microphone with a desktop/laptop. Please note that the platform is not supported on tablets (including Microsoft Surface Pro or iPad) and there are no mobile apps available. It should take about 50 minutes to complete the responses with verbal answers and in writing.

To complete the submission of your application, you need to submit both your online application via the GraSPP web entry system and the online timed video/written assessment via Kira Talent's platform.

### 4.4 Step 4

After screening the submitted application documents, applicants, who passed the document screening process, will be invited to the oral examination. The oral examination will be conducted either a) by an interview (via telecommunication tool) or b) by Kira Talent. The option b) may be applied to only a few exceptional candidates, who have shown outstanding performance at the document screening process. In order to arrange the interview, please enter the time zone and the GMT offset (UTC+/-time) at the time of the interview in the **Personal Information** section in the GraSPP web entry system. (<https://timezonedb.com/time-zones> Ex. Asia/Jakarta: GMT+7:00)
